

## What is a Harbinger of Hope?

By definition a Harbinger is one that pioneers in or initiates a major change or one that presages or foreshadows what is to come. Our Harbinger of Hope Campaign is designed to do just that: initiate and pioneer change that will bring hope to those who are in need.

This campaign seeks to raise funds to help CCC expand its services and reach to those in need by adding a new facility where we can increase the number of clinicians and expand the scope of our current services.

When CCC incorporated in 2005 we knew there was a need for our services but no one could have anticipated the demand we have faced. Without advertising or even having our number in the phone book, we have been operating at full capacity and unfortunately turning away potential clients due to a lack of space and a lack of staffing necessary to aid those who contact us searching for help. In order for us to meet the demands we must find a larger location and increase staffing.

# HARBINGER OF HOPE CAMPAIGN

*We treat people not  
privilege...  
a 501(c)3 not for profit.*

## Who We Are

CCC was developed as part of a natural progression of the “Corson Cares” and “Choose to be a Champion” models developed by Dr. Warren Corson III in response to the need for affordable, high quality counseling services provided by highly trained, highly skilled, and caring clinical professionals.

Dr. Warren saw that although there were very limited services offered in the Bristol area, these services are often available only to those with full medical insurance and an ability to pay.

There is a need for mental health services that employ a behavioral based approach. Dr. Warren also recognized that many individuals lack proper insurance and funds required for traditional programming and set about to open a community supported program that would be open to most.\*

Incorporated in 2005, CCC has served hundreds of individuals and families by assisting them in rebuilding their lives. CCC believes in the need for community involvement and assists many organizations through consultation and referrals. This networking and collaboration has helped our clients gain access to many other types of social service supports.

CCC is currently expanding our outreach programming through increasing presentations geared towards clients as well as through presenting our model of programming to the general public.

**Questions regarding becoming a Harbinger of Hope? See below.**

\*Services are open to those who meet the clinical criteria for outpatient services. Those who need intensive inpatient services are referred to inpatient programs.

## What the Campaign will add

- A 2<sup>nd</sup> facility to enable increased services and support to the community.
- Expanded individual, couples & family sessions.
- New group therapy programs.
- Case management services.
- Free informational/ educational workshops for the community
- Mental health seminars for clinical professionals.
- Increased staffing.
- A community garden park where people can enjoy nature.
- Art & nature based programs.
- Publication of materials for clients and the community.
- Hope to those who are currently lost in “the system.”

## The Cost of the Campaign

The Harbinger of Hope Campaign is designed to be a onetime campaign that will enable Doc Warren and CCC to implement and sustain these programs without the need for continual support campaigns. Our goal is to reach 5 million dollars in support. These funds will pay for a new location, remodeling, maintenance and additional staffing for new programming. The remaining funds will be placed in our endowment fund to offset future expenses.

***As a 501(c)3 not for profit.***

***All donations are tax deductible***

## Ways you can become a Harbinger of Hope.\*

- Donate one time or on a time interval plan.
- Leave a legacy
- Hold ongoing collections at work or other activities.
- Hold a “Harbinger of Hope” party- instead of party favors or food, guests can donate to the cause.
- Hold a fundraiser and donate proceeds to our cause.
- Become a corporate sponsor.
